

CURRICULUM VITAE

Name	Eugene A. Silow
Date of birth	17.08.1963
Institution:	Irkutsk State University
Department:	Institute of Biology
Address:	Chair of invertebrate zoology and aquatic ecology Lenin str., 3, POBox 24, Sukhe-Baator str., 5, Irkutsk, 664003, Russia
Phone (of):	+7 395 224 3077
Fax	+7 395 234 0007
Email:	eugenesislow@gmail.com
Phone (h):	+7 395 233 4479
	Phone (m): +7 902 578 0068

Education:

- 2004 – Dr. Sci., Aquatic Biology and Ecology, Peoples Friendship University of Russia, Moscow.
Thesis: “Ecological modelling to assess the influence of anthropogenic pressure on the functioning of aquatic ecosystems (i.e., Lake Baikal)”
- 1990 – Ph. D., Aquatic Ecology, Institute of Hydrobiology of Ukraine NAN, Kiev.
Thesis: “Model experiment in aquatic ecotoxicology (i.e. lake Baikal).”
Advisors: Vladimir J. Gurman, Devard J. Stom.
- 1985 – M. S., Biochemistry and Genetics, Irkutsk State University, Department of Biology and Soil Science.
Thesis: “Influence of phenols and heavy metal ions on the luminescent system of *Beneckea haveyi*”.
Advisor: Devard J. Stom.

Professional Training:

- 1985 – 1989 – PhD-Student of Irkutsk State University.
 1994 – 1995 – post-doc training in the Royal Danish School of Pharmacy (Department of Environmental Chemistry) in ecological modelling. Advisor: Sven E. Jørgensen (Denmark)
 1994 – 1996 – training in Leadership for Environment and Development (LEAD) Program in sustainable development (USA, Costa-Rica, Thailand, Zimbabwe, Russia)
 1996 – 1999 – Dr. Sci.–Student of Irkutsk State University. Advisor: Olga M. Kozhova.

Employment:

- 1985 – 1990 – Junior Research Fellow of Scientific Research Institute of Biology at Irkutsk State University.
 1991 – 1996 – Senior Research Fellow of Scientific Research Institute of Biology at Irkutsk State University.
 1999 – 2001 – Senior Research Fellow of Scientific Research Institute of Biology at Irkutsk State University.
 2001 – 2003 – Full Professor (Limnology, Ecology, Ecological Modelling, Ecological Toxicology) of Department of Natural Sciences of Pai-Chai University (Taejon, Republic of Korea).
 2003 – 2005 – Associate Professor of Geographical Faculty at Irkutsk State University.
 2003 – 2005 – Leading Research Fellow of Scientific Research Institute of Biology at Irkutsk State University.
 2005 – 2007 – Full Professor (Aquatic Ecology, Environmental Chemistry, Ecosystem Health Assessments, Sustainable Development of Mankind) of Geographical Faculty at Irkutsk State University
 2005 – 2013 – Full Professor (Limnoecology, Ecological Modelling, Environmental Chemistry) of UNESCO Chair at Irkutsk State University
 2006 – 2014 – Principal Research Fellow of Scientific Research Institute of Biology at Irkutsk State University
 2010 – Present time – Full Professor (Sustainable Development, Limnology, Environmental Chemistry, Ecological Monitoring) of Faculty of Biology and Soil Science at Irkutsk State University.
 2014 – Present time – Leading Research Fellow of Institute of Biology of Irkutsk State University.

List of selected publications (total 139 and 77 abstracts)

1. Silow E. A., D. J. Stom, N. I. Basharova *et al.* 1991. Influence of biogenous elements on the lake Baikal plankton community. *Acta hydrochimica et hydrobiologica*. 19(6): 629 – 634. DOI: 10.1002/ahed.19910190607.
2. Gurman V. J., D. M. Rosenraukh, D. J. Stom and E. A. Silow. 1991. Mathematical modelling of perturbations of lake Baikal ecosystem and identification of it on the basis of experiments. In: Computer science for environmental protection. New York: Springer–Verlag, pp. 451 – 460.
3. Silow E. A., V. J. Gurman, D. J. Stom, D. M. Rosenraukh and V. I. Baturin. 1995. Mathematical models of lake Baikal ecosystem. *Ecological Modelling*. 82: 27 – 39.
4. Kozhova O. M., B. K. Pavlov and E. A. Silow. 1998. Economic use and anthropogenic pressure. In: Lake Baikal. Biodiversity and evolution. Leiden, The Netherlands: Backhuys Publishers. Pp. 279 – 292.
5. Kozhova O. M. and E. A. Silow. 1998. The current problems of Lake Baikal ecosystem conservation. *Lakes & Reservoirs: Research and Management*. 3: 19–33.

Selected grants (since 2006 only):

- 2017 – 2019 *Complex assessment of Lake Baikal Plankton Community State - Structure, Tendencies, and Prognosis under Global Climate Change and Human Pressure*. Ministry of Education and Science of Russian Federation, 6.1387.2017. \$ 250.000.
- 2017 – 2019 *Ecological monitoring of Lake Baikal: Study of Structure, Organisation, and Functioning of Lakes Biota*. Ministry of Education and Science of Russian Federation, 6.4819.2017. \$ 119.000.
- 2015 - 2016 *Ecological monitoring, study of structure and peculiarities of functioning of ecological and biological systems of Baikalian region*, GR 01201461929. Ministry of Education and Science of Russian Federation, \$ 93,000.
- 2012 – 2013 *Study of structure, dynamics and functioning of lake Baikal plankton* Research work within State Assignment, 5.1864.2011, \$85,700
- 2012 – 2013 *Analysis and prognosis of Lake Baikal ecosystem state under Global Change*. Ministry of Education and Science of Russian Federation, \$ 58,000.
- 2012 – 2013 *Phytoplankton of the Lake Baikal pelagic: investigation of 60 years dynamic* – Russian Foundation for Basic Research, \$ 16,000.
- 2009 – 2011 *The development of the new methods of investigation, monitoring and prognostics of the state of the atmosphere and hydrosphere of the lake Baikal and the creation of sustainable system of research and teaching staff training on the basis of REC Baikal* - Ministry of Education and Science of Russian Federation, \$ 400,000. Coauthored with N.M. Budnev.
- 2008 – 2011 *Baikal REC: Integration of Research and Education Activities for Complex Geoeological Studies of the UNESCO World Heritage Site* - Ministry of Education and Science of Russian Federation & CRDF, \$ 1,000,000. Coauthored with A. V. Arguchintsev, A. V. Mantsivoda, A. V. Arguchintseva.

- 2006 *The development of integral index for ecosystem state analysis and prognosis on the basis of ecological goal functions and the testing of its applicability (for the lake Baikal and other water bodies of Eastern Siberia)*– Ministry of Education and Science of Russian Federation, \$ 20,000.
- 2005 – 2006 *The 60-year data set of plankton dynamics in Lake Baikal: Examining facets of the jewel of Siberia (LAKE BAIKAL PLANKTON)* – National Center for Ecological Analysis and Synthesis, University of California, Santa Barbara, California, \$ 36,030. Coauthored with Marianne Moore and Stephanie Hampton.

Member of Editorial Board

Annual Research & Review in Biology (since 2017), Journal of Biotechnology and Bioengineering (since 2017), Journal of Global Agriculture and Ecology (2017), Asia Pacific Journal of Studies in Zoology (2017), Journal of Nuclear Exergy (since 2017), African Journal of Agricultural Research (since 2006)

Reviewing journals:

Ecological Indicators (since 2005); Science of the Total Environment (since 2012); Environmental Modelling & Software (2012); Environmental Toxicology and Chemistry (2012); Environmental Science & Technology (since 2013); Ecological Modelling (since 1995); Entropy (2013); International Research Journal of Public and Environmental Health (2014); Lakes&Reservoirs: Research and Management (since 2002); British Journal of Applied Science & Technology (since 2014).

Member of

The Association for the Sciences of Limnology and Oceanography (ASLO), The International Association for Great Lakes Research (IAGLR), The International Society for Ecological Modelling (ISEM), Royal Society of Chemistry, Russian Society for Aquatic Biology, Russian Society for Ecology, Expert of RAS

Awards

Monograph "Baikology" in two volumes (Baikology. Novosibirsk, Nauka, 2012, 1111pp. ISBN 978-5-02-019118-1, ISBN 978-5-02-019100-6) won the competition "Best books of 2012" of Association of book-editors of Russia in nomination "Best edition in natural sciences, technics, medicine".

Certificate for Excellence in Reviewing (Ecological Modelling, 2013)

Chandler-Misener Award for the best paper of 2016 (IAGLR, 2017).
